19" WALL-MOUNTED RACK 22U/600X600 DEMOUNTED FLAT PACK BLACK LANBERG

Catalog nr: WF01-6622-10B

Product description

One section wall mounting Lanberg cabinet WF01-6622-10B is a solution designed to expand networks, installation of cabling and equipment in size 19" with max. 60kg. loading capacity. It can be used in networks, server rooms, small and medium businesses. It can also work in low voltage systems such as cable television networks, alarm systems, fire protection systems and access control systems, CCTV and IP surveillance. Appropriate design allows simple, self-assembly. Cabinet is characterized by IP20 degree of protection, opening front door with possibility of rotate to 180° with lock, removable side panels (locks included). The cabinet has cable entry panel on top and bottom cover. This product is made of high grade cold rolled steel. Cabinet structure for self-assembly is in flat pack which facilitates transport. In addition, parcel includes additional accessories for rail mounts, M6 cage nuts and blank entry panels.

Features:
