

## SC-Series LED-backlit Display 27" | 24" | 22" | 19"

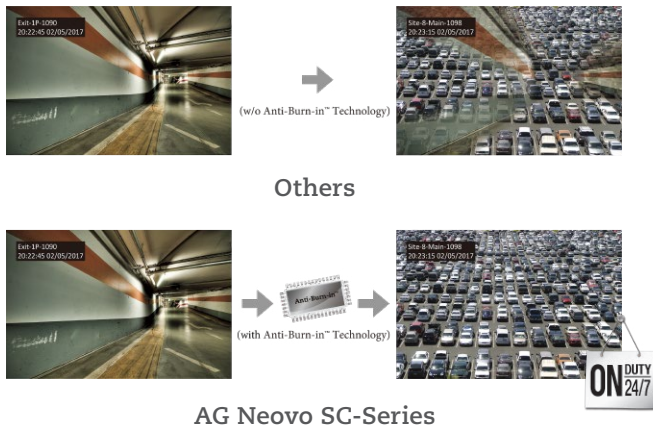

### Value-added Security Essential Environment

The SC-Series surveillance displays designed for 24/7 operation feature Anti-Burn-in™ technology which prevents image retention while performing nonstop in security and surveillance environments. The series also includes enhanced image quality and settings control such as gamma curve selection, black-level adjustment, and CCTV mode that help create richer images even under unfavourable lighting conditions coming from low light surveillance footage.

### Industry-leading Reliability

The SC-Series is specially designed to transcend the challenge of enduring 24/7 operations. AG Neovo's Anti-Burn-in™ technology also prevents image ghosting while performing continuous mission-critical operations.

### Enhanced Image Clarity

Displays with exceptionally clear images with cutting-edge gamma curve selection, black-level adjustability, and high dynamic contrast ratio 20,000,000:1; the SC-Series can capture darker details and deliver premium images, thereby enhancing image detail quality. A pre-configured CCTV mode has been geared specifically for surveillance control rooms to adjust the display's video settings such as sharpness, colour temperature, and brightness to maximise image clarity especially in low light surveillance footage at night.

Others

AG Neovo SC-Series

### Adaptable to Your Environment Needs

With adaptability in mind, the SC-Series provides an array of configurations designed to help you tailor the display to your surveillance needs. This includes on/off toggles for the blue screen or the power LED and selectable aspect ratios including 16:9, 4:3, 1:1 or even a custom zoom mode which helps accommodate the display to the conditions of your control room regardless of the input signal.

### Features

- Full HD 1920 x 1080 resolution
- Anti-Burn-in™ technology prevents image ghosting
- Crisp 20,000,000 dynamic contrast ratio
- 3-sided narrow bezel design for seamless multi-display setups (27" and 24" only)
- Image Enhancer: 3D Comb Filter / Deinterlace / Noise Reduction / Image Rotation / Freeze
- Adjustable image settings via analogue inputs
- Versatile inputs: HDMI, VGA, Composite (BNC)
- BNC passive loop-through output port
- Flicker-free display technology reduces eye discomfort
- Quick signal-switching time
- Black-level adjustment for presenting more details in dark images
- CCTV picture mode for maximum image detail and clarity in low light footage
- Colour engine enhance for colour saturation
- Selectable aspect ratios: 16:9, 4:3, 1:1 or custom zoom
- Built-in speakers and audio mini-jack in/out connection
- VESA mount compatibility for flexible installation
- Designed and developed for continuous 24/7 operation
